

ALAN WIRE IS MASTERSPEC APPROVED

Alan Wire is proud to announce the inclusion of our wire and cable products in MasterSpec®, the most widely used and trusted architect specification system in North America. We have 11 products available now in Deltek Specpoint®, and we're excited to offer engineers greater flexibility in vetted wire product selection without sacrificing on quality or compliance.

About Alan Wire

Alan Wire is a high-quality manufacturer of 600-volt copper and aluminum cable products, operated in the heart of the United States. As a privately owned company in business for over 50 years, we've built our reputation on being easy to do business with. We are happy to show you we do business with straightforward answers and exceptional service.
